WHY SRM PUBLIC SCHOOL

Every child here is known by name.

Six decades of the SRM legacy now stand behind one Coimbatore campus. The curriculum comes with it. So do the teacher training, the wellbeing spaces and the steady routines of a school group that has done this before.

WHAT EVERY FAMILY CAN EXPECT

7 things a family can count on.

01 STRONG ACADEMIC FOUNDATION

CBSE taught for mastery, so what is learnt in June is still there in March.

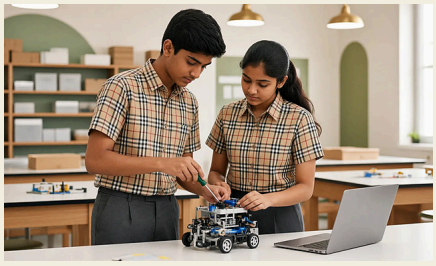

02 COMPETENT AND CARING FACULTY

Teachers chosen for attitude first, then trained without pause.

03 INDIVIDUAL ATTENTION

Classes small enough that no child turns into a roll number.

04 STREAM AND INNOVATION

Mechatronics and drone labs where ideas get built and flown.

05 SPORTS, FITNESS AND WELLNESS

Professional coaching on the field, and yoga for a calm, steady mind.

06 VISUAL AND PERFORMING ARTS

Studios for art and music, and a stage where the quietest learner finds a voice.

07 VALUES, LEADERSHIP AND CHARACTER

Report cards that speak to character as plainly as to marks.

OUR CORE VALUES

ASPIRE

Adaptability, Sustainability, Perseverance, Integrity, Resilience and Empathy. We teach them by living them.

ONE PROMISE BENEATH ALL SEVEN

Every achievement here is celebrated.

Campus spaces where learners are empowered.

Every space here has a place on the campus plan and a period on the timetable, and you will find them only at SRM Public School. First comes the Wellness Oasis, where social and emotional learning becomes something a learner can touch.

Gratitude Wall

THANKS

Forgiveness Tree

RELEASE

Wellbeing Well and Let Go Pond

STILLNESS

Buddy Bench

CONNECTION

02 Experience Station

KG AND LOWER PRIMARY

A miniature town with a hospital, a police station, a fire station and a supermarket. Young learners take on real roles here and work out, in play, how a community holds together.

ROLE PLAY ZONES | PRETEND PLAY PROPS | INCLUSIVITY

03 Innovation Lab

KG AND LOWER PRIMARY

A research station and a STEM maker bench, sized for small hands. Often the first place a learner builds something that really works.

04 Change Makers Lab

INNOVATION BLOCK

Real tools, used safely, in a well equipped workshop. Learners leave it more self reliant and more skilful.

Where attitude leads, skills follow.

Ask an employer or a wise grandparent what makes a young person succeed. Nobody says marks alone. KASH is our name for the whole answer, built with care from Nursery to Grade 8.

K — KNOWLEDGE

The awareness no modern citizen can do without.

- Health and Environment literacy
- Digital literacy
- Civic and Cultural literacy

A — ATTITUDE QUOTIENTS

The inner disposition that decides how knowledge is used.

- Emotional Quotient
- Spiritual Quotient
- Intellectual Quotient

S — SKILLS · THE FOUR CS

The working skills of this century.

- Collaboration
- Critical Thinking
- Creativity
- Communication

H — HABITS FOR LIFE

Small daily disciplines that compound into character.

- Discipline
- Good Manners
- Time Management
- Personal Hygiene

Knowledge can be taught in a term.
Attitude, skills and habits take a childhood.

STREAM · THE JOURNEY FROM STEM TO STREAM

S	T	R	E	A	M
SCIENCE	TECHNOLOGY	RESEARCH	ENGINEERING	ARTS	MATHEMATICS

Research and the Arts join the four STEM disciplines, so curiosity always has somewhere to go.

Skills in their hands, pride in their work.

Some afternoons our learners put down their pens and pick up trowels, spanners and ladles. A learner who has wired a circuit, cooked a meal and grown a plant learns to respect every kind of work, including their own.

01 MASONRY

02 GARDENING

03 PLUMBING

04 ELECTRICAL

05 COOKING

06 KNITTING

FUTURE READY LEARNING

Beyond the syllabus, before the world asks.

Mechatronics Lab
Robotics, sensors and code

Drone Lab
Design, fly and map

- JEE and NEET foundation
- Design thinking
- “I am an Author” Programme
- Artificial Intelligence
- Multimedia and mass media
- Entrepreneurship
- Skill Development Programme
- Financial literacy

COME AND SEE THE SCHOOL

The best way to know a school is to walk through it.

Campus walks run every weekday morning. Meet the teachers, sit in on a class and ask whatever matters to your family.

Seats are limited by design.
Enquire early.

01 ENQUIRE

Call, write or scan the code to register your interest.

02 VISIT

Walk the campus with a teacher, not a salesperson.

03 ENROL

A friendly interaction with your child, then a seat offer.
